

# 555856-3

## AMPINNERGY® Power Entry Cable Assembly, 8-wire/4-circuit (4-2-2), shared neutral, 4 feet

- Used to interface between manufactured wiring and other wiring systems, such as building wiring, fixture wiring, or access floor module wiring
- Mates to line connector cable assemblies, power junction boxes, power distribution modules (PDMs), zone distribution modules (ZDBs) and power transition units (PTUs)

### OBSOLETE

This product was discontinued on: June 30, 2020

## Product Classification

<b>Regional Availability</b>	North America
<b>Product Type</b>	Power entry cable assembly
<b>Product Brand</b>	AMPINNERGY®
<b>Product Series</b>	AMPINNERGY

## General Specifications

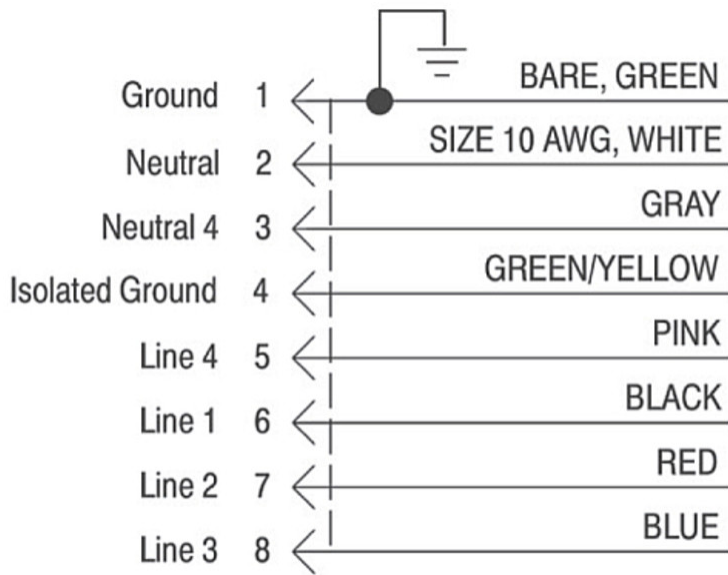

<b>Application</b>	Line entry connection
<b>Construction Type</b>	Corrugated hose
<b>Interface, Connector A</b>	Power male plug
<b>Interface, Connector B</b>	Unterminated
<b>Neutral Type</b>	Shared
<b>Wiring</b>	8-Wire/4 Circuit (4-2-2)

## Dimensions

<b>Cord Length</b>	1.22 m   4.003 ft
<b>Exposed Conductor Length</b>	304.8 mm   12 in
<b>Neutral Conductor Gauge, solid</b>	10-12 AWG

## Outline Drawing

# 555856-3

## Electrical Specifications

<b>Current Rating, maximum</b>	20 A
<b>Voltage Rating, maximum</b>	125 Vac   250 Vac

## Environmental Specifications

<b>Environmental Space</b>	Indoor
<b>Safety Standard</b>	CEC 2015   CSA 22.2   NEC 2013   UL 1286   UL 183   UL 498

## Packaging and Weights

<b>Packaging quantity</b>	1
<b>Packaging Type</b>	Bag
