

E21015

REFLECTION TAPE TS-02/1M

Accessories

Made in Germany

Product characteristics

Reflective tape	
TS-02	
50 x 1000 mm	

Environment

Ambient temperature range when stuck on [°C]	-25...65 (continuous) ...80 (max. 30 min.) (peak)
Sticking temperature [°C]	+16...+25

Mechanical data

Design	For red light and infrared light retro-reflective sensors
Typical reflection values at an observation angle of 0.2° and an illumination angle of 5° / 40° [cd/lx*m ²]	1000/~300
Length [mm]	1000
Width [mm]	50
Housing materials	plastics; acrylic
Weight [kg]	0.029

Remarks

Pack quantity [piece]	1
