

Minimalist Ultra Sleek Mini Bluetooth Wireless Keyboard for Mac or PC

The Accuratus Minimus Bluetooth wireless mini keyboard is the ideal partner for your modern and sleek PC, Mac or iPad, especially the iPad Mini. This Bluetooth keyboard has an excellent range of 10 metres, however has been proven to work in our labs at an even further distance! The Minimus is designed with style in mind, with an ultra sleek stainless steel surround and bottom case, a keyboard thickness of only 5.8mm and no wires, even the most style conscious wont be disappointed. The keyboard is available in both black and white in Apple and Windows layout with the most up to date Windows 8 keys.

The Minimus keyboard has a mini layout, which means it has all the usual 'qwerty' and number keys with just the removal of the number pad that usually sits on the right hand side. It also has one touch multimedia and internet keys along the top. The Minimus even has an internal lithium rechargeable battery so you will never have to go out of your way to buy replacement battery.

An excellent keyboard to complete your sleek digital life...
