Product data sheet Automation technology - sensors and actuators

Product description

Contacts: 8, female panel mount connector, screwed from front, with single wires

Area Order number M8 Series 768/718 09 3486 86 08

Technical data

General values

Connector design Connector locking system Termination Wire gauge (mm) Wire gauge (AWG) Upper limit temperature Lower limit temperature

female panel mount connector bolted single wires 0,14 mm² (26) 85 °C -40 °C

Electrical values

Rated current (40 °C) Rated voltage Rated impulse voltage Pollution degree Overvoltage category Insulating material group Volume resistivity EMC compliance Degree of protection Mechanical operation

3 II II ≤ 3 mΩ not shielded IP67 > 100 Mating cycles

1,5 A

30 V

800 V

Material

Contact material Contact plating Contact body material CuSn (bronze) Au (gold) PA

Product description

Contacts: 8, female panel mount connector, screwed from front, with single wires

Area Order number M8 Series 768/718 09 3486 86 08

Security notices

The connectors are designed for use in plant, control system and electrical equipment. The end user is responsible for checking whether the connectors are suitable for use in other applications.

Connectors with degree of protection IP 67 and IP 68 are not suitable for use under water. When used outdoors, the connectors must be separately protected against corrosion. For further information about IP degrees of protection refer to 'Technical support' in the Download Centre.
