

SD1614T5-B5ME

| Applications | Automotive Grade | |
|----------------|------------------|--|
| Series | SD | |
| Status | Production | |
| Terminal Shape | Pin Terminal | |

| | Size | |
|----------------|---------------|--|
| Dimension | D16.0 x H14.0 | |
| Terminal Pitch | 7.60mm Nom. | |

| Electrical Characteristics | | | |
|------------------------------------|-----------------------------|--|--|
| Sound Pressure Level (Min.) | 85dB | | |
| Frequency | 2.048kHz | | |
| Rated Input Voltage | 5V0-p | | |
| Sound Pressure Level vs. Frequency | Please refer to the catalog | | |

| Other | | | |
|-----------------------------|--------------------|--|--|
| Operating Temperature Range | -40 to 85°C | | |
| Caldanin v Makka d | Wave (Flow) | | |
| Soldering Method | Iron Soldering | | |
| Packing | Bulk(Plastic tray) | | |
| Package Quantity | 480pcs | | |
| Weight per pc | 4g | | |
